1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on 9/27/04 has been entered.

#### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: as previously recited, the closest prior art does not teach or fairly suggest an acrylic sheet consisting essentially of an acrylic resin selected from the group as instantly claimed and containing a lubricant in an amount sufficient to provide a coefficient of kinetic friction with respect to a flat glass plate in a range of 0.2 to 0.9. The Examiner further notes that the references cited on the Information Disclosure Statement filed 9/27/04 have been considered but do not teach or fairly suggest the instantly claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
